

Topic: QM Documentation
Subject: FDA Statement
Validity: Internal drum lining - RDL® 50

Tri-Sure[®]
MORE THAN CLOSURES

Summary: RDL® 50 is in accordance with FDA requirements

Doc No.: 1001/50-FDA

Date: January 2015

Tri-Sure Paints & Linings confirms that our internal drum lining **RDL® 50** has a FDA-status, described as follows:

The ingredients of which our phenolic lining is made, meet the FDA-specification and requirements as described in paragraph and section

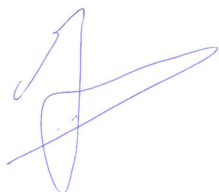

F 175.300

for “ Resinous and polymeric coatings “.

Above statement means that the cured linings is allowed to be used as an internal coating for steel drums in the food industry.

For further information on this subject, please contact Tri-Sure Paints & Linings.

Yours faithfully,

H. A. van den Berg
